

**European Young Family Doctors' Movement Fund
for the 9th EYFDM Forum
Grand Region 25-27th 2025**

BACKGROUND

The EYFDM Fund is one of our oldest initiatives and certainly one of those we are constantly proud of. Since 2012 EYFDM has financially supported dozens of young family physicians across the region and brought them closer to the international community of young general practitioners. The truly inspirational power and strength of EYFDM is based on the diversity of its members. The Fund is committed to enabling EYFDM events to become accessible for those who want to join them.

AIMS

Each member from each country is equally important but there is no equality without equity. EYFDM Fund has been created in order to equalize opportunities of participating in EYFDM events such as EYFDM Preconference, EYFDM Forum and WONCA Europe Conference.

We use the EYFDM Fund especially to support those who have low income, as well as those who are new to EYFDM. We are convinced that participation in the mentioned events can boost the motivation of being a great physician, an active member of EYFDM and build a strong network of young family doctors across the continent. Our goal is to strengthen Primary Care in each country by reinforcing, inspiring and connecting its general practitioners, the EYFDM Fund is one of the means to achieve it.
